Manheim is the world's largest, most comprehensive wholesale vehicle marketplace with 145 locations in 19 countries on 5 continents. These operating locations are where live auction lane sales take place. Competitive bidding in the lanes, as well as online, drives the auction process in which licensed automotive dealers are allowed to bid. Sellers, or consignors, may be manufacturers, rental car companies, financial institutions, leasing companies, corporate fleet managers or licensed automotive dealers. In addition to in-lane sales, Manheim's operating locations also provide an array of products and services including reconditioning, certification, inspections, dealer financing, transport, title management and marshalling.

Manheim's North American operating locations have changed names to create improved consistency and easy identification for customers. Having trouble finding a location? Please refer to our complete list.
